

Respect

We act with positive intent

We are inclusive

We value each other's differences, input and strengths

We actively listen to one another

We support our colleagues through professional interaction

We recognise the achievements of all

We are trustworthy

Empathy

We seek to understand different perspectives

We acknowledge the feelings of others and self

We build on each other's ideas

We are approachable

We are kind

We develop positive relationships

Resilience

We are willing to have a go and learn something new

We identify the problem and work with others to find the solution

We are flexible and adaptable

We acknowledge when a mistake is made and look for ways to overcome

We give and receive feedback in order to improve

Collaboration

We build relationships with colleagues and community

We support each other to get tasks done

We all contribute and share the responsibility fairly

We set goals and have a common purpose as a team

We make an effort to know what is happening across the school

Professionalism

We are prepared

We are punctual

We take responsibility for our actions

We implement and support team planning,
school and department policies

We continually strive for improvement

We are lifelong learners and grow in
professional knowledge
