On Tuesday this week, the Marine Ambassadors and I travelled to the Namatjira Reserve Wetlands in Clayton to look at some of the rubbish traps there. It

was surprising to see how much rubbish can gather in such a small place. After learning about the purpose of the rubbish traps we discovered all the different tests that they do to check the quality of the water. We also picked up rubbish and explored the various types of marine life that live in the wetlands.

After lunch, we travelled to Mordialloc Creek and saw the rubbish traps that capture litter that flows down from Dandenong and beyond - there was a lot of rubbish! Sadly, they don't always work and rubbish sometimes slips past the trap and flows on to Port Phillip Bay.

We want everyone to care for the environment! Try to do your part to help save the environment and our future world!

Cheers, Jude (5/6C)

This week we have been learning about maths, reading, writing and inquiry.

In inquiry we have been learning about the first fleet and when the British arrived, we have also been learning about the first fleet in Reading. In writing we have been learning about how different old England was to now what it's like, they use to have a cat O nine tails and if the convicts were bad they will get whacked on the back by the cat O nine tails, it probably hurt, ouch!

Lastly in maths we have been learning about subtraction and in subtraction we've learned so much about it!

And that's what we've learned so much this week!

*Cheers, Emelia and Evelyn
(3/4B)*

In 3/4 over the past few weeks we have had some very fun times. We got to make dumplings in Mandarin and Kitchen. In maths we played card games and I won which was fun and today we made our own number pattern hopscotch with chalk on the basketball court.

**3/4

Excursion
19 June**

During our gardening classes we were lucky to be able to look at the creatures in the wetlands. My

favourite was a freshwater snail. We have also chopped down the sunflowers and I chopped down the biggest one.

In Inquiry and Steam we are working on a project about the First Fleet. I am making a diorama about the journey from England to Australia. I am also looking forward to our excursion to the Melbourne Museum on Monday. It will be so much fun.

Cheers, Lana (3/4A)

**Our school* is taking part in the
Wonder Recycling Rewards campaign this term.**

Help us collect bread bags so we can earn points to redeem on new RHSports equipment.

It's simple! All you need to do is keep your empty bread bags and send them to school* with your kids! We will then place them in Wonder's pink collection box and post them off to be recycled. The more we collect the more points our school* earns!

Collections close 7th July.

Tip for collecting:

Use one empty bread bag to collect a bunch of other bags.

Did you know?

Last year, schools collected over **10 tonnes of soft plastic**, that's the weight of an elephant!

LET'S GET COLLECTING!

* Includes early learning centres and pre-schools.

Foster Care

Nurturing who they are and who they want to be

As a parent, you know that every child and young person is unique, resilient and has abundant potential.

Childhood is one of the most important times in life. It's a time for discovery, growth, exploration, and learning—a time for making connections that shape who we become.

Berry Street foster carers play a vital role in supporting a child's journey and in nurturing their uniqueness. With your time and care, you can encourage and empower a child or young person who has experienced trauma to grow, develop and feel safe.

Whether it's supporting a child to feel safe and build their trust in adults, exploring their interests and developing new hobbies, or encouraging a young person that their dreams are valid, being a Berry Street foster carer is a deeply meaningful and crucial role. And one which each carer brings their unique life experience and skills to.

Join our community of foster carers and help make a positive impact on a child's life.
