In the past few weeks the 3/4's have been learning lots! We even won the competition for the Andy Griffiths book launch and got a signed free copy of his new book!!!

In inquiry we have started a new topic called Fizz, Pop, Bang(AKA science)! Our latest experiment was making a time lapse video where we put chocolate, ice, chalk, a marshmallow and butter on a plate in the sun to see what would melt and what would not. In our last topic we learnt about how it's bad to litter and how it affects the earth.

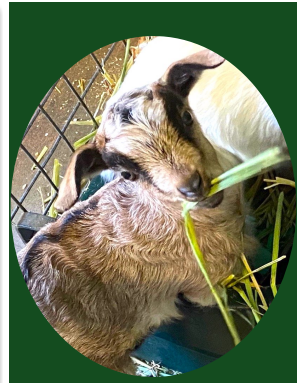

In Kitchen, we have been making a DELICIOUS variety of different kinds of cuisine, including Turkish, Mexican, Thai and more!!! Jane is an amazing kitchen teacher!

During PE we have started to run our own basketball tournament! We all have different roles like coach, stats, scorer, team manager, photographer and DJ! It has been amazing!

And STEAM has been just as good, we are creating our own space team to launch our very own rocket ships! We are designing our logo, astronaut, website, and like I said, rocket ship!!!

In maths we have started to learn

**School Council

about fractions! We are using fraction number lines as well! Fractions are a really fun thing to learn about! And finally Performing Arts. Right now we are learning about music and how it can be heard, this is called dynamics. Music has been really fun! And the concert was amazing!!!

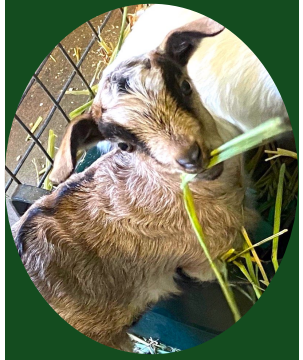

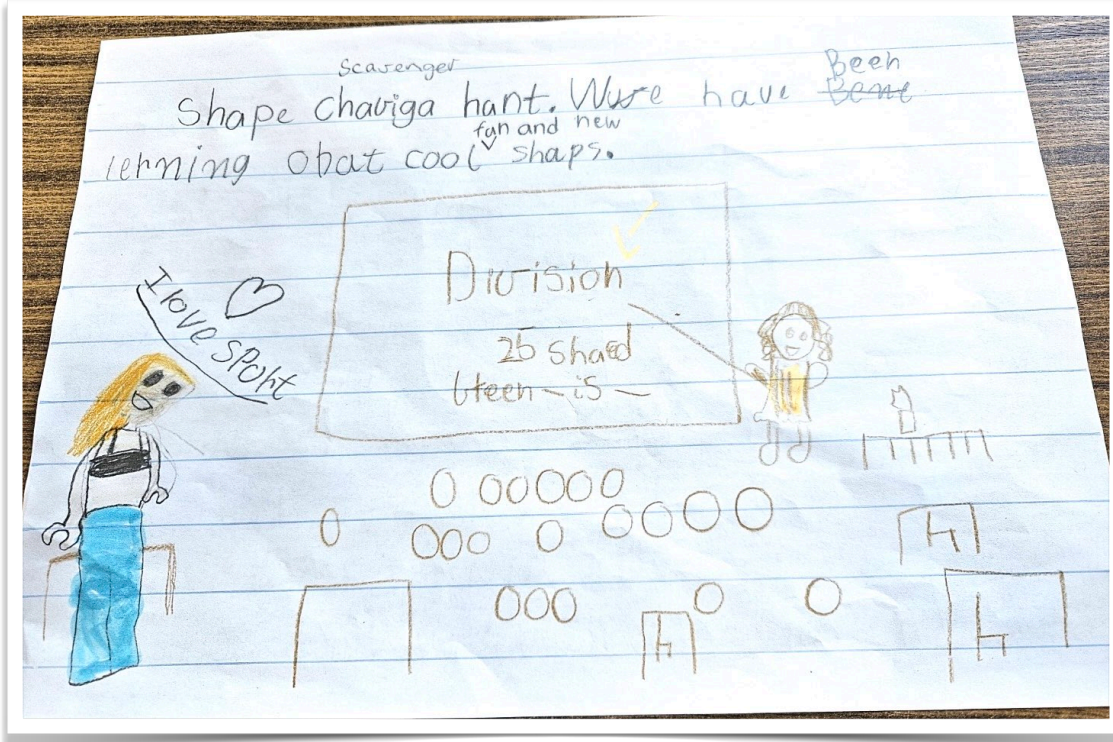

We have all loved the start of term and we are so excited to learn more! Bye!!

Become a Berry Street foster carer

Partner with us and support a local child on their journey.

Childhood is a journey, but not every child starts in the same place. In our local community there are many children and young people who need a safe place to live.

- As a Berry Street foster carer, you'll be a part of a team that is committed to supporting children who are unable to live with their family.

And by providing them with a safe and nurturing home – you'll be there for them at a crucial moment in their life.
